

PRODUCT DATASHEET

# TRANSIT TRAINING SUIT 2

 Typhoon **PRO**

**A high-spec suit designed for swimming pool use. It features a waterproof and breathable construction with neck and cuff seals to reduce water ingress.**

The hi-vis 3mm neoprene hood with reflector enhances visibility, while stowaway glove pockets and 3mm neoprene gloves provides increased thermal qualities. Apeks-fitted auto-relief valves ensure functionality, and grab handles across the back allow for efficient in-water recovery.

## Approvals

- UKCA/CE mark
- PPE cat I with testing from EN343:2003 & EN14225-2:2017

## Material

- Breathable nylon tri-laminate with microporous coating (225gm/mt<sup>2</sup>)
