

PRODUCT DATASHEET

COMMERCIAL KIT BAG

 Typhoon **PRO**

Constructed from rugged 500D REACH-compliant nylon with fully welded seams, this Typhoon dry kit bag delivers uncompromising performance in the harshest environments. Its 100% waterproof seams ensures your kit stays protected no matter the conditions.

Designed for long-distance carry and dependable reliability, the bag features a padded back panel, ergonomic shoulder straps, and an integrated chest strap for enhanced stability. Reinforced grab handles on the top and sides provide versatile handling options, whether loading, lifting or hauling.
