

PRODUCT DATASHEET

INSHORE HEAVY DUTY RESCUE DRYSUIT

 Typhoon **PRO**

Meticulously crafted for rescue personnel operating on fast rescue craft, and designed with exceptional durability to withstand harsh conditions, ensuring reliability in high-pressure situations.

Its innovative trouser construction features offset inner-thigh seams to minimise wear in high-friction areas and seamless lower trousers that prevent abrasion for enhanced comfort.

Approvals

- UKCA/CE mark
- PPE Cat I with testing from EN14225-2:2017

Material

- Top material: N100N high-tenacity nylon aminate with butyl rubber inter-ply (240gm/mt²)
- Trouser material: Texturised polyester twill tri-laminate with butyl rubber inter-ply (480gm/mt²)
